Content Caching

Practical Exercise

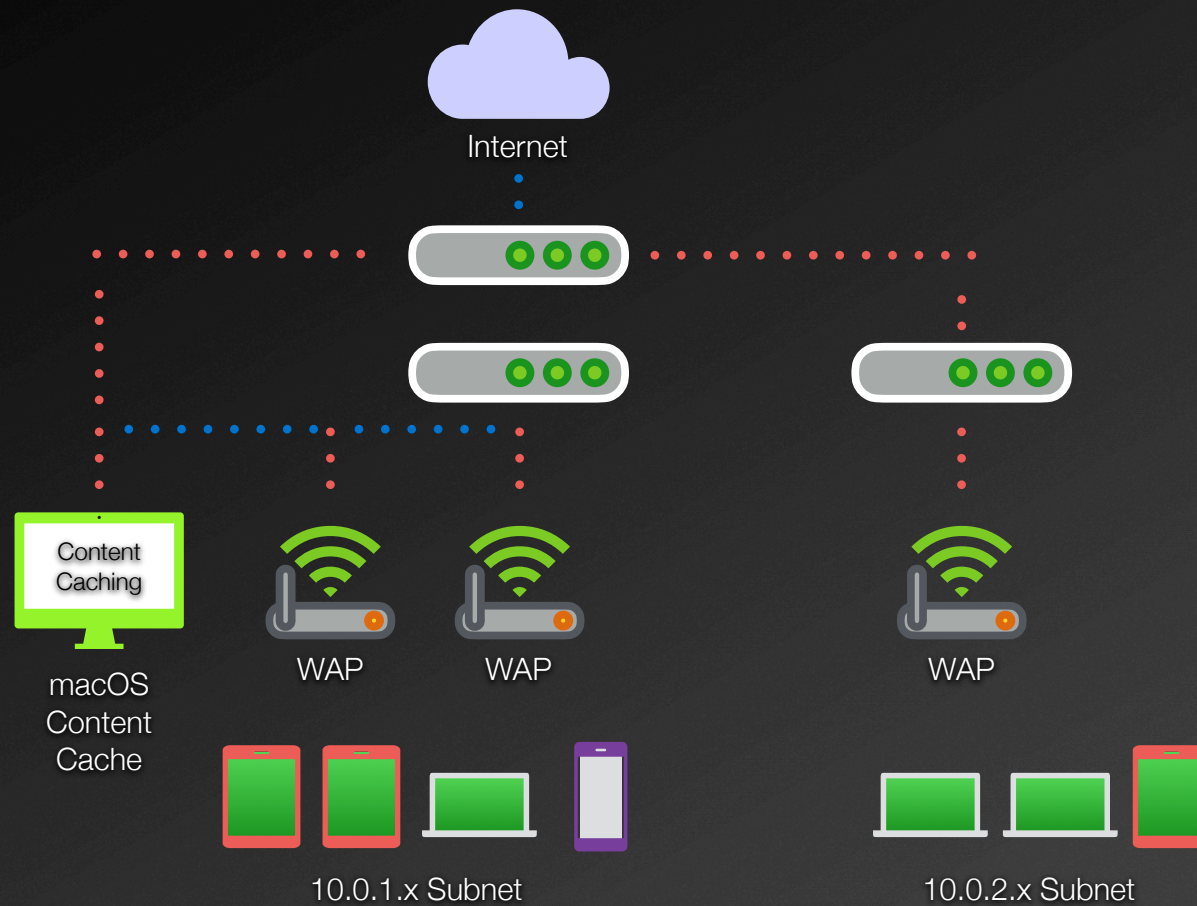

Introduction to Caching

- Service that you can enable on any Mac.
- Benefits include...
 - Reduce Bandwidth demands.
 - Raster Content downloads.
 - iCloud caching for Shared iPad.

Types of Cached Content

- Apple Books content
- Apps and app updates from the App Store
- GarageBand downloadable content
- iCloud data (photos and documents)
- OS installers, updates, and Internet Recovery images
- Xcode downloads (simulators, SDKs)
- Rosetta 2 Executable for macOS
- Screensavers for AppleTV
- Schoolwork content (Apple Classroom)
